

GLB

Manufacturer: Olbricht GmbH

Amount: 2 pcs.

Status: used

Commissioning date: 31.07.2015

Preservation date: 31.06.2016

Price: as agreed

The equipment scope includes:

Vacuum handler (GLB)	Length – 1500 mm Width – 1300 mm Height – 3000 mm Weight – 400 kg
Placement conveyor (GLB)	Length – 1645 mm Width – 1160 mm Height – 955 mm Weight – 154,5 kg

Composition:

Vacuum handler (GLB):

- Rotation cantilever crane
- Pneumatic slanting frame with suction cups
- Pneumatic weight balancing device
- Start button to actuate the system of angled levers at the operator terminal by the handler

Placement conveyor with the lateral home position (GLB):

- Automatic belt conveyor with the frequency controlled motor drive
- The conveyor is equipped with 2 lateral stoppers for referencing of the part by the operator with the use of vacuum handler. Conveyor speed: 3-30 m/min.
